WASTEWATER PLANT – Mr. Neal Westerman reported that the plant is up and running and is doing as well as expected. They have assessed the damage and addressed the problem. Everyone who needed to be notified was and the plant is on line.

WATER PLANT – The repairs to the plant started on Monday of this week. There was a problem with the tank levels even though we are getting water from Tracy City and Sewanee. This project will have to be stopped and started again at a later date. This project was started because of lack of repairs done to the plant in the past and it was a requirement of TDEC.

DARRELL SMITH – Mr. Darrell Smith reported on back-flows and grease traps. There are several grease traps in town we are having a problem with. These grease traps need to be cleaned out on a regular basis by the customer. He will follow-up on documentation from the businesses. Mr. Smith also passed a test required by the State for Testing and Evaluation of
